

I am writing this letter to express my concern for Klove. I am a college student pretty far away from home. I grew up with Klove. When I came out here to Rock Springs Klove was the first thing I looked for. It was my only link to my family. I know this might be hard for some to understand but I would have never made it through my first semester if it wasn't for Klove. Being encouraged through their station really helps when you are alone and far from home in a new environment.

In short Klove needs to be able to reach as far as it can to as many as it can. People are comforted and strengthened; I know I sure was. I thank God everyday that I am not totally alone. It is nice to have a part of home to hold on to. Please don't take what little I have to remember of home away from me. I only get to see them once a year because of expenses. This ties me to them because I know wherever they go they are listening too.
